

MARO MONTHLY

with Northwell Health's Crisis Management Team

ISSUE NO 1 | December - 2023 | Volume 13

HELLO!

Welcome to another month of Northwell Health Crisis Management Team's newsletter, where you can share, learn about, and explore emergency management topics! Each month we will highlight different topics in emergency preparedness and emergency management, as well as healthcare administration. We encourage you to review our upcoming course offerings and other relevant information!

As always, we look forward to sharing our resources, hearing your suggestions, and getting to know you at our trainings.

The December 2023 newsletter will be centered around *Business Continuity Planning and Upcoming Courses for 2024!*

OUR MISSION

To lead the health system and community in an efficient and effective way before, during, and after emergency situations.

OUR VISION

Northwell's Crisis Management Incident Response Team is committed to providing the surrounding community with a high-quality learning environment, training resources, and promoting an environment of collaboration with our training partners.

"He who fails to plan is planning to fail."

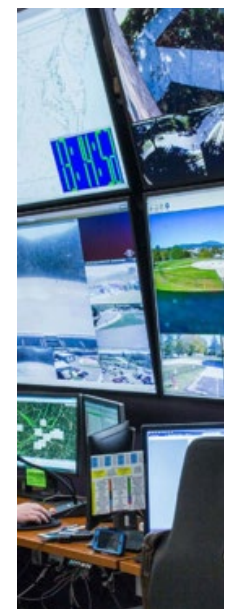

-Winston Churchill

The Importance of Continuity Planning: *How does your organization stay prepared?*

Organizations within communities that provide essential functions should strive to maintain continuity of operations during times of crisis. Continuity allows for the continuation of essential functions across a wide range of emergencies and disruptions (FEMA, 2023). The ability of an organization, like health systems, to continue to provide its essential services is of upmost importance to protect and properly serve the community. The Federal Emergency Management Agency provides a helpful “Continuity Guidelines Checklist”, please [click here](#) to learn more. Additionally, equipping team members with emergency management classes and educational material can help prepare for times of crisis – continue reading to register for upcoming courses.

Upcoming Classes to Enhance Your Knowledge

Course	Start Date	End Date	Registration Link
MGT-341	January 10 th , 2024	January 11 th , 2024	Register Here
PER-370	January 18 th , 2024	January 18 th , 2024	Register Here
MGT-348	January 23 rd , 2024	January 24 th , 2024	Register Here
MGT-345	February 7 th , 2024	February 8 th , 2024	Register Here

Continuity Planning & Program Management

The Continuity Program Management Cycle allows for consistency and resilient continuity programs:

- *Step 1: Develop Plans & Procedures*
- *Step 2: Test, Training & Exercise*
- *Step 3: Evaluations, After Action Reports & Lessons Learned*
- *Step 4: Develop Improvement Plans*

New Training Series Alert

The Northwell Health Crisis Management Training team is excited to share a new training opportunity coming in Spring 2024. In partnership with DHSES, our training team will be hosting a National Emergency Management Basic Academy at our Nassau County Training facility. The courses will span from March to June 2024 and will provide an opportunity to solidify Emergency Management foundational concepts to those who are interested.
